**O'CONNELL PROUDLY ANNOUNCES CITY OF TAUNTON FEATURED
ACROSS NORTH AMERICA IN BUSINESS VIEW MAGAZINE**

Taunton, MA... Today Mayor O'Connell announced Business View Magazine is spotlighting the City of Taunton in an exclusive feature titled "*Bold and Beautiful*" – part of the magazine's focus on Economic and Community Development in U.S. Cities.

"We worked for several months with Business View Magazine in gathering all of the necessary information for the feature. Business View did a fantastic job of highlighting many of Taunton's best features—our impressive history, and our ongoing business, housing and economic development. There are a lot of exciting things going on in Taunton right now and this article is a timely reminder of how wonderful it is to live and work in Taunton," said Mayor O'Connell.

The Business View article begins with a look back at Taunton's history and progression as the Silver City, and then focuses on present-day growth as well as many of the exciting developments in the near future. Included in the article is mention of several of Taunton's big businesses, such as General Dynamics, Martignetti Companies, and Amazon, as well as the city's efforts to promote and support local small businesses. Future developments included in the article are the commuter rail station and Union Block housing.

Business View North America is one of four magazines produced by Business View Publishing in digital format each month. Business View Magazine is a source of news for executives, entrepreneurs, small business owners, and franchisees in North America. Each issue of this digital platform covers the latest developments in manufacturing, construction, infrastructure, health care, food and beverage, aviation, and energy. The public sector receives in-depth coverage, with reporting on the latest advances in municipal public works, green initiatives, and college sustainability programs.

Mayor O'Connell is pleased that Business View chose Taunton to be featured in their magazine. "It is an honor to be featured in Business View magazine. We often spend a lot of time focusing on what needs to be improved in our city. It is important to take the time to look at all that we have accomplished with hard work, planning and vision. I feel immensely proud of our city."
