Memorandum

To: Professional Engineers, Registered Sanitarians, and Licensed Septic Installers
From: Taunton Board of Health
Date: November 1, 2005
Re: Policy on elevation as-built plans.

The Taunton Board of Health voted on November 1, 2005 to adopt a policy requiring final grading elevations on as-built plans.

The final elevation of landscape cover on any septic system which extends wholly or partially above the natural grade, shall be noted on the final as-built plan or submitted on a separate as-built plan to the Board of Health prior to the issuance of the certificate of compliance.

Any questions about this memo please contact this office.
